EDUCATION

Lebanese International University, Beirut, Lebanon —
Bachelor of Management Information Systems

OCTOBER 2018 - SEPTEMBER 2021

Member of the Intellectual Debate Club.

EXPERIENCE & TRAINING

SE Factory, Beirut, Lebanon — *Cycle #15 Graduate*

AUGUST 2021 - NOVEMBER 2021

Intensive full-stack web development program covering cloud architecture, frontend and backend development, source control, web application security, in addition to soft skills, over 14 weeks of lectures, workshops, and projects.

Irshad & Islah (NGO), Beirut — *IT Support Technician*

MARCH 2019 - FEBRUARY 2021

Solved technical networking problems for 30+ computers keeping them connected to the network and supplied with the needed software.

Freelance, Beirut — *Photography and Videography Trainer*

MARCH 2018 - JANUARY 2021

Trained and lectured 50+ people on basic and professional photography and videography concepts, as well as video making and motion graphics.

PROJECTS

Blood Center — *A place for people to donate and receive blood*

Created a platform that facilitates the requesting and donating of blood in a fast, safe, and organized way, without any intermediary party - directly from person to person.

- Frontend: React Native and React
- Backend: PHP, Laravel, and MySQL

Facebook Clone — *A social platform to meet new people*

Created an app that allows people to meet, add, block, and search for each other using JavaScript and Bootstrap for frontend, PHP using REST APIs for backend, and MySQL for the database.

PROFILE

As a highly motivated web developer, I plan to integrate technical skills with market demands and social needs. This enables me to advance my career, be an active member of the community, and pave my way to professionalism.
